Note:
 The 5A door style
 features the same profiles
 and stile width as the
 Richmond and
 Kensington door styles in
 our Essentials collection.
 If you are planning to
 order 5A in cherry with a
 5 pc drawer front and
 either a square or arched
 upper door, ordering in
 Richmond or Kensington
 may be worth
 considering, as the lead
 time will be faster on
 stock sizes and the list
 price may be lower.
